## Baker Hughes seeks graduates for **ITALY**

Are you an engineering or science graduate looking for

- A challenging but rewarding role?
- The opportunity to work with innovative technology?
- The chance for some international travel?

...Or maybe you have a friend who would be interested?

Baker Hughes offers a wealth of opportunities for graduates to build a rewarding career in the oil and gas industry. Our structured three-year Field Engineer Development Program is designed to allow you to develop application knowledge and operational expertise to become a future leader in our global oilfield services business.

**APPLY NOW** by visiting [www.bakerhughes.com/graduate](http://www.bakerhughes.com/graduate). Our 2015 positions are now accepting applications and the deadline is fast approaching. Visit our graduate site now to find out about this exciting opportunity.

Baker Hughes will be hosting assessment events from the end of October 2014 until the beginning of December 2014. You could secure a position for when you graduate before the end of the year!
