HE-STA-T - Staff mobility for Training from Partner Countries Incoming UCC, KU, UONBI, AIMS-GH, AAMUSTED, UTG, MAK, UENR: Fields: 0541-0588 UNIKIN: Field: 0541 KNUST: Field: 05	Training	€ 820,00	€ 160,00 per day	Min 5 days Max 20 days

*under the condition that the National Agency approves the amendment of the inclusion of both universities in the project

Procedure for the selection of staff

Each University, included in the project, will carry out the selection of the participants according to the following **criteria**:

1. The selection must be fair, transparent and well-documented, and shall be made available to all parties involved in the selection process.
2. The selection criteria shall be made public and according to the following criteria:
 - a. Candidate's CV, including English or Italian level proficiency (maximum 40 pts);
 - b. Mobility agreement (maximum 40 pts)*;
 - c. Further certifications (maximum 20 pts).

*** Priority given to mobility agreements aimed at training activities in specific interdisciplinary academic fields:**

- *Cyber Security* (activities oriented to the development of new cooperations and to the participation to a Staff Week and/or to an intensive programme on *An interdisciplinary approach to Cyber Security*);
- *Modeling and HPC* (activities oriented to the development of new cooperations and to the participation to a Staff Week and/or to intensive programme on *Mathematical modelling and HPC simulation*).

Minimum score: 60/100 pts

The HEI shall take the necessary measures to prevent any conflict of interest with regard to persons who may be invited to take part in the selection bodies or selection process.

Each University will send the International Relations Office (credit.mobility@struttura.univaq.it):

- the minutes of the selection;
 - an Excel file with all the information regarding candidates and scores given according to the selection criteria listed above;
 - an official nomination letter;
- b. Documents to be sent to UNIVAQ for each selected candidate:
- candidate's CV;
 - training agreement proposal;
 - a copy of the passport;
 - Further certifications

Partner Universities may select up to 4 staff members. However, for KNUST, the limit is extended to 10 provided that no more than 4 applicants insist to the same specific ISCED-F code

New deadline: 10th April 2026

Staff mobility must end by 31st July 2026.

The budget available for this call corresponds to all the remaining funds allocated for Region 9 of the project.

Once all documents arrive from all Partner universities, an academic committee at UNIVAQ will be nominated in order to evaluate the applications received. A selection will be made and a single ranking will be created (by merit).

The selection process will prioritize the two highest-ranked eligible applicants per institution. In the case of KNUST, the top four applicants will receive priority, with a limit of two representatives per specific ISCED-F code.

The remaining funds available at the moment of the selection will be used to select the best candidates from the remaining candidates in the single ranking (regardless of their institution of affiliation).

The single ranking of eligible candidates remains valid until the end of the project (31st July 2026): if additional funds become available, the single ranking will be used as long as there are still eligible candidates on the list.

Signed by the Vice Rector for International Affairs
Prof. Bruno Rubino

L'Aquila, 31/03/2026
