

UI GreenMetric

The UI GreenMetric World University Ranking is an initiative of Universitas Indonesia launched in 2010 with the aim to draw the attention of university leaders and stake holders to sustainability of the environment, as well as economic and social problems related to the sustainability. Universities are ranked according to their efforts to put in place eco-friendly policies and manage behavioral change among the academic community and the society at local and transnational level.

The indicators are 6:

- Setting and Infrastructure (**SI**)
- Energy and Climate Change (**EC**)
- Waste (**WS**)
- Water (**WR**)
- Transportation (**TR**)
- Education (**ED**)

Further information on the Methodology and complete results are in
