

THE Impact Rankings

The Times Higher Education Impact Rankings are the only global performance tables that assess universities against the United Nations' Sustainable Development Goals (SDGs). The selected indicators aim to provide comprehensive and balanced comparison across four broad areas:

- **research,**
- **stewardship,**
- **outreach,**
- **teaching.**

To be assessed, the Institutions must describe, providing detailed evidence, the performed activities and the obtained results in the framework of the 4 areas in relation to at least 3 SDGs, besides the compulsory SDG17.

The 2022 Impact Rankings is the fourth edition and the overall ranking includes 1.406 universities from 206 countries/regions
