

U-Multirank

U-Multirank provides a platform where it is possible to **compare different subjects at different universities, the same subject at different universities, or even different subjects at the same university.**

U-Multirank does not list the Institutions according to the assigned marks, but allows the comparison of the assessed institutions against 40 indicators grouped in **5 areas**:

- Teaching & Learning
- Research
- Knowledge Transfer
- International Orientation
- Regional Engagement

Marks for each indicator are expressed by:

A "Very good"

B "Good"

C "Average"

D "under average"

E "Weak"

Explanations on how to use the platform are in the web site
